BBB. "Sensitive area" means any of the following, except where the area involved is the intended target of the pesticide application:

1. Residential buildings, together with any land which is part of the same property and is within 100 feet of such buildings;
2. School buildings, together with any land which is part of the same property and is within 100 feet of such buildings, and also together with any playgrounds, athletic fields or other such facilities designed for use by persons in the vicinity of school buildings;
3. Commercial or other buildings where human use occurs (including without limitation places of business, places of worship, and other commercial and institutional buildings), together with any land which is part of the same property and is within 100 feet of such buildings;
4. Developed recreational areas open to public accommodation, including developed public or commercial campgrounds, developed picnic areas, marked roadside rest areas, marked publicly-owned or maintained hiking trails, developed park and recreation facilities, playgrounds, playing fields and other areas developed for organized sports or recreation;
5. Apiaries the location of which is registered with the Department of Agriculture, Food and Rural Resources pursuant to 7 M.R.S.A. §2701;
6. Critical areas designated by the Board pursuant to 22 M.R.S.A. §1471-M(2);
7. Public wells, drinking water springs used by the public, and public water supply intake points, provided the location of the same is known or should reasonably be known to the pesticide applicator;
8. Private sources of drinking water, where the owner or legal user thereof has given prior notice of the location of such source to the landowner or lessee of the area which will be subject to a pesticide application;
9. Water bodies, including streams, brooks, rivers, ponds, lakes, estuaries and marine waters, provided that any such water body contains water at the time of the pesticide application and is known to the spray applicator or is reasonably detectable from visual observation, reasonably available maps or reasonable inquiry. This term shall not include: (a) in the case of forest aerial spray programs, streams and brooks that are neither shown on reasonably available maps nor visible from an aircraft operating at 1000 feet in elevation above ground level; and (b) waters that are confined and
